Responding to the call of Greta Thunberg and many others, the Corvallis Climate Action Alliance seeks to rouse widespread public focus and accelerate political and governmental action towards an emergency-scale response to the global climate crisis.

We invite all the people of Corvallis and surrounding area to join us and the world in the Global Climate Strike and Week of Action Sept. 20-27 to start our transition to a more just and livable future.

Greta Thunberg

“Adults keep saying ‘We owe it to the young people to give them hope.’ But I don’t want your hope. I don’t want you to be hopeful. I want you to feel the fear I feel every day. And then I want you to act. I want you to act as if our house is on fire. Because it is!”

Our Goals

Goal 1 The City of Corvallis declares a long-term climate emergency.
Goal 2 The City undertakes an emergency-level local climate mobilization response strategy.
Goal 3 The City of Corvallis fully implements its Climate Action Plan.

In addition we seek to build and promote:
-- Widespread community engagement with a vision centered on climate justice;
-- Work at the state level to promote climate justice legislation;
-- Education to raise awareness about the climate emergency and justice-focused solutions.

Sept 20-27
a Week
of Action
